

LEE CO. MADE DEFENDANT IN COURT ACTION

City Starts Suit to Com- pel Action on Bridge Work.

Mandamus proceedings were instituted shortly before noon today by the city of Dixon to compel Lee county to advertise for bids and let the contract for the repair of the Galena avenue bridge over Rock river. The action was brought by Attorneys Robert H. Scott, John J. Armstrong, and Henry S. Dixon. The writ was filed with Circuit Clerk E. S. Rosecrans a few minutes before noon today and will probably be acted upon in the circuit court about the middle of next week.

The action follows the decision of the members of the road and bridge committee of the Lee county board of supervisors at their meeting Monday when they refused to proceed further. One paragraph of the writ explains that the county, through its officers or agents, now refuse to advertise for bids and to let the contract for the making of repairs to the Galena avenue bridge and refuses to proceed further in the premises.

The matter was discussed briefly at last evening's session of the city council when Commissioner Armstrong presented a motion which was unanimously adopted, whereby the council as a body favored the action taken today.

WILSON BETTER; KEEPS IN TOUCH WITH BIG EVENTS

Slight Headache Re- ported in Bulletins Issued Today.

By Associated Press Leased Wire
Washington, Oct. 15.—President Wilson had a good night's rest and continues to show improvement despite a slight headache, said a bulletin today by his physicians.

The bulletin follows:
"The White House, Oct. 15, 1919, 11:55 a. m.

"The President had a good night's rest, enjoyed his breakfast and aside from a slight headache, continues to make improvement. The condition which caused the restlessness of Monday night, and about which Dr. Fowler was consulted, gave no trouble during the night.

"Grayson,
"Hoffin,
"Sitt."

The president, it was learned today is keeping in general touch with governmental affairs even though Rear Admiral Grayson, his personal physician is enforcing rigidly his prescription of absolute rest.

The manner in which the president is being informed in a general way of the problems now before the nation, was not disclosed but it was presumed it was through Mrs. Wilson and Dr. Grayson.

BAPTISTS HAD FINE ANNUAL MEETING AT CHURCH TUESDAY EVE

Almost seventy-five members and friends of the Baptist church met in an enthusiastic gathering in the church parlors Tuesday evening where a scrumptious supper was served at 6:45. At the close of the supper all joined in the singing of some specially prepared songs and then came the annual church business meeting. Reports of officers indicated that a very favorable year in the church's history has just ended. Specially aggressive plans are being laid for the activities of the year to come.

The following officers were elected: Clerk, Ira W. Lewis; Treasurer, W. H. Winn; Financial Secretary, F. M. Pratt; Ushers, A. J. Lockett, Merton Brooker, Myron Annis, F. C. Brookner, A. W. Leland, L. F. Redfern.

Sunday School Officers: Superintendent, Mrs. J. L. Frost, Assistant Supt., Geo. McWethy; Sec. Treas., Miss Doris Wedlake; Asst. Dea. Lev; Organist, Ira W. Lewis; Asst. Miss Emma Craig; Supt. Primary Dept., Mrs. Anna Sprout; Asst., Mrs. Grace Chiverton.

Committees—Financial, Ray Miller, Theo. J. Miller, F. C. Brookner, L. F. Redfern, A. W. Leland, Benevolence, Mrs. Grace Conibear, Mrs. Anna Sprout, Miss Ella Pratt, Music, Mrs. Ray Miller, Mrs. Philip Kerz, George McWethy, Social, Mrs. Grace Chiverton, Mrs. Barry Lennon, Mrs. Guy Miller, Mrs. Lloyd Lewis, Miss Carrie Pratt.

Following the business session a splendid inspirational address was given by Rev. Frank G. Sayers, pastor of the Freeport Baptist church.

The members of the church are confidently expecting greatly increased interest and success in its activities. The pastor, Rev. J. A. Simpson, has unanimously been called for the second year of service.

NEW BAKERY WILL START THURSDAY

The new Snow White bakery will open for business tomorrow in the Moss building on First street, and the proprietors have extended an invitation to the public to visit the institution at any time tomorrow and witness the handling of the product. New enamel-white machines have been installed and the break making will be conducted entirely in full view of patrons.

REDS IN RUSSIA ARE NOW FACING CRISIS

Savage Fighting in Riga Continues—British Taking Part.

By Associated Press Leased Wire
Copenhagen, Oct. 15.—Savage fighting is still going on in the city of Riga between Lettish and Lithuanian troops and the Germano-Russian army which entered the western part of the city last week. Reports reaching here state that shells have been fired a portion of the town and that great damage has been done to the quays and harbors. Many civilians have been killed during the battle.

Despatches received here state that all the prisoners taken by the Letts have been Bavarians.

British warships have become involved in the fighting, having been fired upon by the Germano-Russian forces, and an unconfirmed report declares a British force has been landed in or near the city.

Blockade measures are seemingly being rigidly enforced in the Baltic six German merchant ships having been captured by one British destroyer.

FIGHTING ACROSS DUNA.

By Associated Press Leased Wire
London, Tuesday, Oct. 14.—The war office has issued a report from the British mission at Helsinki, dated Oct. 10, which says that at that time all Lettish troops in Riga had been withdrawn to the east bank of the Duna River, the bridges having been blown up. When the despatch was filed the Letts and Germano-Russians were exchanging rifle fire across the river and the section of the city still in the hands of the former was being bombarded with gas shells and also bombed by airplanes.

SUPPLIES FOR CO. F ORDERED; WILL ARRIVE SHORTLY

Capt. George Fruin, commanding Co. F, this morning received from Adjutant General Dickson a reply to an inquiry he recently made of the head of the state militia, in which he requested information as to when the local company might expect equipment to replace that which was ordered returned some time ago. The Adjutant General advises the local company commander that on Sept. 11 his office made requisition to the United States Property and Distribution office for full supplies for 65 men in the Dixon company. The requisition was for rifles and accoutrements, tents, dishes, full uniforms, shoes, bedding, canteens, etc., and 100 ball cartridges, and Gen. Dickson states that the material would doubtless be received soon. Accordingly the officers and members of Co. F will show renewed interest in the organization and will doubtless use their efforts to secure recruits, several of whom are wished to bring the company up to full strength.

YOUNG FELLOW HELD TO GRAND JURY TODAY

Raymond Fry, a farm hand who had worked for Charles Merriman near Paw Paw, was held to the grand jury under bonds of \$500 this morning in Justice A. H. Haanen's court on a charge of uttering a forgery. Fry was unable to furnish the amount of the bond and is in the county jail.

Fry was arrested for passing a check at the Edwards & Case store at Paw Paw for the amount of \$40. The check had been taken from a book belonging to his employer, Mr. Merriman, and the latter's signature was already signed. The check was one which Mr. Merriman had started to fill out and then left. The figures on the check were made out in the amount of \$40 and the writing for ten dollars. The name of John Moon was endorsed on the back. State's Attorney Edwards appeared for the prosecution and Fry was represented by Attorney Martin Gannon.

COUNCIL CONSIDERS WAYS TO MAKE TAXI LINES OBEY MANDATE

New Ordinance in Effect But No Licenses Is- sued to Date.

Dixon's taxi ordinance became effective the first of this month but today not a single taxi cab or driver is operating under its provisions, notwithstanding the fact that fifteen days time has elapsed. Mayor Mark D. Smith and other members of the city council last evening agreed that immediate steps should be taken to have the owners of tax lines and their drivers operate under the provisions of the new ordinance and the city clerk was instructed to notify the owners this morning to take action at once. Failure to comply will be punished by a fine as provided by the measure.

Six applications for licenses as drivers of taxi cabs were read but no final action was taken upon them. Prescott Clark of the Yellow Taxi line has filed his application for the operation of cabs and five of his drivers have filed applications for licenses as follows: James W. Mullock, Thomas Harvey, Clarence Sauer, Dalt Lambert and Arthur Martensen. No application from the Watts line has been handed in to the council and but one driver Walter Lichteier had made application for a license.

The council discussed briefly the proposition of licensing dances during the season and some of the members will doubtless make a trip to Sterling, where such an ordinance is in effect, to make further investigation before one is drafted here. Commissioner Siothover was strongly in favor of charging outside parties who come to Dixon to give dances, a larger fee than that to be collected from local organizations.

An application was read from the Kennedy Music company, requesting privilege to erect an electric sign in front of their new store location in the Countryman building on Galena avenue. The matter was referred to the commissioner of public health and safety.

To Build Switch Track
Mr. Ortt and Mr. Utley have agreed on switch track facilities and the North Western will soon begin laying a switch track from its belt line to the west entrances to the factory buildings, and it is expected the Dixon Casket Co. and the Dixon Novelty Co., which occupy the north college building will also be served by this track.

The building to be occupied by the Clipper Lawn Mower Co., is a three story brick structure, 175x40 feet, with a two-story wing, 60x75 feet. With few alterations it is being made adaptable for the factory purposes and the machines are now being set up and aligned.

NOTED GERMAN TEACHER DEAD; PREDICTED WAR

By Associated Press Leased Wire
London, Tuesday, Oct. 14.—Announcement is made in Berlin of the death in Leipzig of Dr. Bruno Meyer, Professor of Celtic language and literature at the University of Berlin.

Dr. Bruno Meyer was a lecturer widely known in the United States. He was born in Hamburg, December 20, 1858, and received his early education in that city and at Dessau. Later he became a student at the University of Leipzig, specializing in Celtic philology.

Subsequently he became director of the school of Irish Learning in the University of Dublin, and then entered the faculty of the University of Liverpool. He was a voluminous writer, among his works being books on Irish legend and history.

Dr. Meyer was virtually the first prominent person to predict that the war between Germany and England, France and Russia would develop into a world conflict. In 1917 he wrote an article entitled "Our War Aims in Enemy Eyes" which quoted a conversation with Col. Theodore Roosevelt and attracted wide attention. Later he wrote an article for the Berlin press saying Germany had lost the friendship of the United States after the sinking of the Lusitania. Dr. Meyer was in this country at the time of the catastrophe.

AUTO THIEVES EVADE OFFICERS THREE COUNTIES

Sheriffs, deputies and police of Lee, Ogle and Whiteside counties last night joined in a search for a new 1919 model Ford touring car which was stolen from the business streets of Rochelle shortly after dark. The thieves started toward Dixon and would undoubtedly have passed through here had it not been for the ability of the driver in discovering two police officers at the city limits, waiting as a reception committee for his arrival.

It was 10 o'clock when the local police received word that the car had been stolen and was headed this direction. The chief and another officer hurried in the patrol to the intersection of the Chicago and Franklin Grove roads at the east city limits. They left the patrol standing close by, the engine running and were ready to stop any cars that might look suspicious, coming into town. As the two officers stood beneath a street light, a Ford being driven at a high rate of speed, appeared at the top of the hill east of town.

The parties in the car apparently discovered the two officers and at once turned the car around, turned off the lights so as to evade pursuit and started back over the road eastward. The police followed some distance in the patrol but were unable to overtake the fleeing auto thieves. Word had been sent to Oregon, Sterling and other points in an effort to capture the parties.

The car, according to the police, turned south and went in the direction of Amboy. Officer Holleran, of Amboy, was notified by telephone, and later reported that the car went through that place, being driven at high speed, making it an impossibility for him to stop them.

Sheriff George Banning, of Oregon, made the trip to Amboy last night and Sheriff Schoenholz was also out scouring the country roads in an effort to capture the thieves before they could get out of Lee county.

Find Difficulties in Forming Interim Govt. in Rhineland

By Associated Press Leased Wire
Paris, Oct. 15.—(Havas)—Paul Tirard, reporter of the council of state, has been appointed High Commissioner of the Rhineland and President of the Inter-Allied High Commission in charge of the administration of Rhinish territories.

By Associated Press Leased Wire
Paris, Tuesday, Oct. 14.—(Delayed)—P. B. Noyes, American member of the Inter-Allied Rhineland commission conferred with Frank L. Polk, head of the American delegation to the peace conference here today. Their conversation concerned the status of the occupied area of Germany which may be left without either civil or military government when the formal completion of the Versailles treaty without American participation brings the armistice agreement to a conclusion. The Rhineland convention which creates a civil commission with British, French, American and Belgian members, stipulates that all four nations must designate their members before the commission can function.

Military government over the territory must end with the armistice and the peace conference is encountering difficulties in devising an interim government pending American ratification.

CLIPPER MOWER CO. MOVES INTO COLLEGE BLDG.

Purchase of New Fac- tory Home Recently Consummated.

The Clipper Lawn Mower Co., whose property in Dementtown was purchased some time ago by the Universal Oats Co., to make room for great enlargement of that concern, has moved into the south building of old Dixon College, and President R. K. Ortt of the mower company stated this morning that he hoped to begin operation of the factory in its new location by the first of November.

In securing new location for his factory, to acquire which a number of other cities offered inducements, Mr. Ortt purchased the south and middle college buildings, and also the vacant lots west of them, in order that he might be sure of switchtrack facilities.

He later sold the middle building to Gordon Utley of the Dixon Cereal company, and although the latter concern has not made any public announcement of its intention regarding occupancy of the acquired structure it is understood that, for the present at least, it will be used as a warehouse.

PREDICT STEEL STRIKE MAY END WITHIN A WEEK

Increased Production is Reported From All Big Plants.

By Associated Press Leased Wire
Chicago, Oct. 15.—Aside from the situation at Gary, Ind., where disclosures of Red arrests and revelations of the discovery of alleged anti-government plots by federal authorities yesterday attracted nationwide attention, the industrial conditions in the Chicago steel district today showed no material change in the past 24 hours.

From any of the huge plants throughout the district yesterday throughout the district came reports of increased production with many striking employees returning to work after an absence of more than three weeks. One report, from Waukegan, Ill., was that police officials predicted the strike would not last a week longer.

Strike leaders issued the usual statements that the strike had not been affected by the men who had resumed employment.

ARBITRATION STEEL STRIKE BLOCKS WORK OF INDUSTRIAL MEET

President Hopes Question Will Not Endanger Conference.

BULLETIN.
By Associated Press Leased Wire
Washington, Oct. 15.—Efforts by the employers' group at the industrial conference to force an immediate issue labor's proposal that the steel strike be arbitrated failed today, the labor group and all of the public group except Elbert H. Gary, chairman of board of United States steel corporation, voting to postpone action until tomorrow. The conference adjourned until 2:30 p. m. tomorrow, when the arbitration resolution will be brought to a vote.

Ready for Show-Down
In casting the vote of his group against postponement of a vote on the arbitration resolution, Harry A. Wheeler, chairman of the capital group, declared that the representatives of capital believed the time had come for action and that further postponement of so vital and bitterly contested a measure was useless. He said that he did not believe arbitration of the steel strike was germane to the purpose for which the conference was called, that any action with regard to the steel strike would force the conference into a similar position with regard to a large number of similar industrial disputes, and that since a fight was in prospect when the resolution was brought to a vote, the opposing forces might as well come out in the open at once.

Protesting against postponement of the steel strike resolution, J. W. O'Leary, of Chicago insisted that the principle of collective bargaining could not be considered dispassionately as long as the resolution was hanging over the conference, while L. F. Loree, president of the Delaware & Hudson Railway, said he was opposed to "maneuvering on what is rather a political than an economic question."

FOES OF PUBLIC POLICY QUESTIONS TO HIGHER COURT

By Associated Press Leased Wire
Springfield, Ill., Oct. 15.—Foes of the three "public policy questions" on which a vote is being sought at the election, Nov. 4, took their case to the Illinois supreme court today.

John Slade, of Chicago, attorney for Edward W. Payne, who obtained a temporary injunction to restrain Secretary of State Emerson from certifying the questions to county clerks, later dissolved, made a motion in the supreme court today seeking to have the injunction continued in effect.

Acting Chief Justice James C. Cartwright directed Mr. Slade to put his suggestions in writing and to furnish copies to attorneys for the initiative and referendum league who are fighting to get the questions on the ballot.

It was understood that the court would not delay a decision, inasmuch as the statutory limit for certification of public policy questions is 15 days before the election, estimated to fall on Monday, Oct. 29.

The three questions embrace the initiative and referendum, "Gateway amendment" and public ownership of public utilities. A popular expression on the propositions is sought to guide the action of delegates to the constitutional convention next winter.

FIRST CONDEMNATION SUIT BEGUN TODAY

Condemnation proceedings were begun this morning against the property of Mrs. Grace Wethy, adjoining the village of Franklin Grove, before a jury in the county court. The action is brought by the state Department of Building and Highways in an effort to change the Lincoln Highway at this point to eliminate two dangerous railroad crossings. Attorneys Harry Warner, Harry Edwards of this city and Attorney Ryder of Edwardsville, appear for the state department. Attorney Mark C. Keller is appearing for Mrs. Wethy. The jury will be taken over the land to determine the amount of the damage.

THREE FINED FOR TRANSPORTING BOOZE

While searching the roads between Dixon and Amboy late last night for a Ford touring car stolen from Rochelle, Sheriff Schoenholz and Turnkey Joe Miller arrested a party of three Dixon young men who were returning home from LaSalle with a quantity of liquor in their possession. They were taken to the county jail and County Judge John B. Crabtree summoned.

The trio consisting of Ignaz Gregor, Mark Duffy and John J. McIntyre pleaded guilty to the charge of transporting liquor on a public highway and were fined \$50 and costs apiece, Gregor paying all of the fines and costs which amounted to over \$200.

STEEL WORKERS DENY ANY PART IN BOMB PLOT

Dozen More Radicals in Custody of Federal Operatives.

By Associated Press Leased Wire
Gary, Ind., Oct. 15.—Military authorities and federal agents declared today that Alexander Ivanoff, radical leader and chemist formerly employed in the local steel mills and alleged maker of the May Day and Chicago postoffice bombs is not yet under arrest. He is being sought as the result of information said to have been given the federal authorities by Anton Gorski, who is under arrest.

Convinced that Ivanoff has fled from Gary, the federal authorities transferred their search for the radical leader to Chicago.

Federal agents backed by troops early today made four raids on homes of radical leaders here in which about 20 persons were taken in custody. Six are being held.

The forces of United States troops on duty here has been cut in half since yesterday noon by the transfer of about 1000 men to Camp Grant.

By Associated Press Leased Wire
Gary, Ind., Oct. 15.—More than a dozen members were taken into custody here during the night by military intelligence authorities and were to be questioned today in connection with the investigation into alleged radical activities, including bomb and anti-government plots. It also is said army intelligence agents have in their possession a list of several hundred alleged radicals, among whom a number are believed to be leaders in the radical movement. Military intelligence authorities are said to have obtained clues regarding radical activities here even before Maj. Gen. Leonard Wood, commander of the Central Army Department, declared military control after the situation growing out of the steel strike got beyond state officials.

Several men, including Anton Gorski, who was said to be under surveillance in connection with explosion of a bomb in the Chicago postoffice in September 1918, were questioned yesterday and it was stated Alexander Ivanoff, believed to be maker of the thirty-six bombs sent from New York to prominent men throughout the country, was being sought.

Can Hold Meetings.
That the situation in Gary itself is believed to be under complete control of the federal soldiers here was evidenced by Gen. Wood granting permission for the first outdoor mass meeting today since he assumed command here. The meeting was to be addressed by John Fitzpatrick, chairman of the National Strike Committee; Edward Nockels, secretary of the Chicago Federation of Labor, and John Walker, former president of the Illinois Federation of Labor.

Deny Condemnation Plot
Of the many reports that spread through the veil of secrecy thrown about their activities by the military and civil authorities, after they inaugurated raids on alleged red headquarters and meeting places and surveillance of suspected persons, one, that a widespread plot against military cantonments had been discovered, was denied officially by Col. W. S. Mapes, commanding troops here.

That drastic measures to combat red plots uncovered have been planned was not denied however.

Find German Flag
Intelligence officers conducting the raids on places suspected in the red plots were interested in the finding of a quantity of radical propaganda printed in German and a large silk German flag.

Steel workers disavowed the "proclamation" issued by the "communist party of America" calling on the working men to wrest control from the federal troops and establish a "dictatorship."

The Indiana state building trades council also made a disavowal of the radical activities in behalf of the strike, and Edward Mulholland, president of the Gary Screw & Bolt Workers' union, was expelled from the union because of alleged radical utterances. He also resigned from the steel strike committee.

Mapes Gets Evidence.
Col. W. S. Mapes in an official report made to Maj. Gen. Leonard Wood today is said to have presented documentary evidence of the connection of radical leaders with the steel strike in Gary and other cities.

The report is said to contain proof of the alleged radical plot to capture the civil government of Gary and other cities in the steel strike area.

The sensational evidence is said to have been obtained by federal agents in five raids made last night and today in which a number of arrests made.

Col. Mapes declined to discuss the report.

THREE FINED FOR TRANSPORTING BOOZE

While searching the roads between Dixon and Amboy late last night for a Ford touring car stolen from Rochelle, Sheriff Schoenholz and Turnkey Joe Miller arrested a party of three Dixon young men who were returning home from LaSalle with a quantity of liquor in their possession. They were taken to the county jail and County Judge John B. Crabtree summoned.

The trio consisting of Ignaz Gregor, Mark Duffy and John J. McIntyre pleaded guilty to the charge of transporting liquor on a public highway and were fined \$50 and costs apiece, Gregor paying all of the fines and costs which amounted to over \$200.

King Albert and Party in Yosemite

San Francisco, Calif., Oct. 15.—King Albert of Belgium and Queen Elizabeth, the heir apparent, Ambassador Brand Whitlock and others making up the royal party touring the United States, were on their way today to the Yosemite Valley where they expected to arrive in time for luncheon.

The next two days will give the King another taste of American outdoor life for which he already has declared his fondness. This afternoon the party will go from the floor of the Yosemite to lofty Glacier Point and tomorrow they will visit the Mariposa Grove of big trees and have a picnic luncheon there.

Late Thursday afternoon the start for Los Angeles will be made. The king plans to stop in Los Angeles three and a half hours Friday morning on his way to the Grand Canyon.

AMUSEMENTS

"HONOLULU HONEYMOON."

The true Hula dance illustrates the different moods of the Hawaiian people. One must not associate the Hawaiian Hula with the dances of the Egyptian Kings and their voluptuaries.

The Hula Dance opens the doors of the Hawaiians' hearts and by the sinuous posturings they illustrate the great themes of life and death, of ambition and jealousy, of passion and romantic love.

Princess Lei Momi, the famous Hawaiian Hula Dancer who is one of the native Hawaiian troupes with the Melroy-Clarke super musical comedy showing at the Opera House, Friday night, Oct. 17th, performs the Hula Mahalo. It illustrates a love-sick swain crying to the one he adores to bring relief to his love-stricken heart.

In contrast to his own distress he

points to the bird caroling in the sacred Lehua tree, intoxicated with the scent of nature's garden.

What answer does the love-sick swain receive from the nymph he adores?

She banteringly asks him if he took her to be like the sacred tree of which men stood in awe not daring to pluck the flowers "Did you really think me plighted to vestal vows, a tree whose bloom man was forbidden to pluck?"

Then comes the second part of this wonderful dance illustrating an explosive force of passion the expression of the underground passions of the souls.

Myriads of other moods are expressed by Princess Momi in different forms of the Hula Dance in all of which she is the personification of Hawaiian grace and sensuality.

Mr. Ned Melroy the universally known eccentric dancer and comedian heads the organization. He is ably assisted in the comedy work by Bert Perry.

"OH, LADY, LADY" COMING.

The regular advance seat sale for the coming engagement of "Oh Lady, Lady," which comes to the Opera House Wednesday night, October 22.

"Oh Lady, Lady" is the fifth of the series of New York Princess Theatre musical comedies and is strictly different from what has been known as musical comedy in America. It is the dainty style made famous in New York by F. Ray Comstock and William Elliott.

The record run of over a year at the New Princess Theatre and the enthu-

lastic reception of "Oh, Lady, Lady" tendered by theatre-goers in cities from coast to coast, is proof sufficient of its tremendous popularity. The company to be seen here is a capable one, and the chorus is made up of attractive girls with all the charm and enthusiasm of youth.

The cast of "Oh, Lady, Lady" will include Miss Pauline Berri in the role of the young bride; Mr. William Gaston in the leading male roles; Miss Betty Hylton as Fainting Fanny Welch; Eugene McGregor as Spike Hudgins and a number of other well known stars among them Joseph McCullion, Florice Auburn, Walter Gray, Marie Haun, Thomas C. Leary, Madeline Gray and a large chorus.

New York Ferrymen Returned to Duties

By Associated Press Leased Wire

New York, Oct. 15.—The strike of longshoremen and other harbor workers which has paralyzed port activities here for several days and threatened a serious food shortage was broken today when the ferry workers returned to work and 15,000 of the 80,000 longshoremen resumed their labors. Union leaders predicted that by Friday all of the longshoremen would be at work.

The ferrymen at midnight unexpectedly decided to return immediately accepting with reservations, the government's compromise wage increase offer. Before dawn, all of the ferries were plying the Hudson as usual. The ferryman filed notice, that they were not satisfied

with flat increases in wages amounting to approximately 10 per cent. They had demanded an increase of 25 per cent. The teamsters' strike remains in force.

HAVE LONG JOB AHEAD.

By Associated Press Leased Wire
Washington, Oct. 15.—Senate reading clerks, resuming their prolonged struggle with the text of the peace treaty today, have only passed through 180 out of 449 sections of the mammoth document, according to latest estimates. Debates and oratorical efforts of senators alike have interrupted the progress and there were no indications today that the proceedings would be speeded up in the near future despite the fact the senate convened an hour earlier.

INDIGESTION

Caused by Acid-Stomach

Millions of people—in fact about 9 out of 10—suffer more or less from indigestion, acute or chronic. Nearly every case is caused by Acid-Stomach.

There are other stomach disorders which also are sure signs of Acid-Stomach—belching, heartburn, bloating after eating, food repeating, sour, gassy stomach. There are many ailments which, while they do not cause much distress in the stomach itself, are nevertheless, traceable to an acid stomach. Among these are nervousness, biliousness, cirrhosis of the liver, rheumatism, impoverished blood, weakness, insomnia, melancholia and a long train of physical and mental miseries that keep the victims in miserable health year after year.

The right thing to do is to attack these ailments at their source—get rid of the acid stomach. A wonderful modern remedy called EATONIC now makes it easy to do this.

One of hundreds of thousands of grateful users of EATONIC writes: "I have been troubled with intestinal indigestion for about nine years and have spent quite a sum for medicine, but without relief. After using EATONIC for a few days the gas and pains in my bowels disappeared. EATONIC is just the remedy I needed."

We have thousands of letters telling of these marvelous benefits. Try EATONIC and you, too, will be just as enthusiastic in its praise. Your druggist has EATONIC. Get a big 50c box from him today. He will refund your money if you are not satisfied.

Vivian Graves in Concert Tour

Miss Vivian Graves, Dixon contralto singer, is now on a concert tour to the Pacific coast, on which she started about October 1st. Dixon people, who have at different times listened with pleasure to her singing will be interested in hearing of the success with which she is meeting.

Miss Graves went to Chicago in September to make her own way in the musical world and applied and sang to a number of managers, all of whom expressed their delight in her work. Many offers of engagements came to her. She finally made a choice for her first trip with a concert company, consisting of three young ladies, including herself. She is the special soloist in the trio.

One of the trio is excellent violinist and the other a pianist. All are singers and their ensemble work is beautiful. This little company is composed with the famous three English Fuller sisters who toured the States before the war.

Miss Graves is pronounced by Chicago managers to be one of the best contraltos in the concert fields in this country and she has been advised to give one more full year of hard work with her New York-Dixon teacher, Mrs. Herbert W. Martin, when she will be ready to go out alone in really great programs as she possesses a rarely beautiful voice which has been wonderfully developed as was shown by her singing at the Rock River Assembly last summer. Many who heard her then said she was one of the finest singers in the entire session.

The concert company in which Miss Graves is now singing has been requested for return dates in a number of cities.

SURPRISED ON BIRTHDAY—Mrs. Levi Heckman, of Cooper street, North Dixon, was given a surprise party on Monday afternoon by a group of relatives, in honor of her birthday anniversary. A beautiful birthday cake with candles was brought with the refreshments and served late in the afternoon. Mrs. Heckman was also presented with a bouquet of beautiful flowers.

STJERNAN CLUB MET—The first meeting of the season and a very enjoyable one was held on Monday evening by the members of the Stjernan club at the home of Miss Nellie Allwood. Officers were elected during the business session. Miss Anna Cheate was chosen president, Mrs. McCrystal was made vice president, and Miss Nellie Allwood, secretary and treasurer. Victrola music, chat, and fancywork occupied the members after all business was transacted. A dainty luncheon was served by the hostess. Fall flowers were used about the rooms.

AT H. M. DONICHY HOME—Mr. and Mrs. H. M. Donichy, of 210 North Galena avenue, are entertaining Mrs. C. J. Hanson, of Santa Monica, Calif., Mrs. Addie M. Donichy, Miss Anna M. Donichy, and J. R. Donichy, of Polo, mother, sister and brother, of Mr. Donichy, and Mrs. Donichy's mother, Mrs. G. F. Schuler, and her sisters, Misses Lila and Ruth Delp, of Sterling, Mrs. D. A. Bricker and Miss Anna Miller, of Sterling, guests of Mrs. Donichy, and William Tucker, of Morrison.

WOMAN'S CLUB BREAKFAST—The first meeting of the Dixon Woman's club was a breakfast on Saturday at the beautiful country home of Mrs. D. G. Palmer. Mrs. Palmer was assisted by the social committee, Mesdames Kaylor, Bost, and Sumner. Autumn flowers and leaves were used in decorating the rooms and tables.

A short business meeting was held with reports of committees. Mrs. Traber, as chairman of Public Health and Child Welfare, emphasized the necessity of a school nurse for Dixon. Each member responded to roll call with an autumn quotation. Musical numbers were given by Mesdames Huguet, Egler, and Charles.

The President's address was the principal part of the afternoon program. Mrs. Eichler, the president, said "I am looking forward to a year of work and play together. Our first meeting a year ago was under very different conditions, but the peace problems demanding our interest now are of vital importance. Americanization, or our relation to our fellow men, is the keynote of all club work. May we each feel an individual responsibility, work in harmony, and remember, 'He gains most who gives most.' Our success will be sure if each member follows the club motto, 'Be a booster, sell a hamper, buy a horn.'"

AT STATE CONVENTION—Rev. C. G. Unangst, Rev. J. H. Johnson, Mrs. Carl Hess, and Miss Cleo Deeter are among those of the Dixon Evangelical churches attending the state K. L. C. E. and Sunday school convention in Shannon, Ill., which opened Tuesday evening and continues through Thursday. George Beede went yesterday as the Sunday school delegate of Grace U. E. church. Rev. C. G. Unangst, who is president of the state Sunday School association, spoke Tuesday evening.

WEDDING IS ANNOUNCED—Freepress Journal Standard: Mrs. U. A. Milverstedt announces the marriage of her daughter, Lulu M. Scott, to Sergt. John Solomon, of Dixon, which took place at Rockford Friday, October the 10th. Mrs. Solomon will make her home with her mother until Sergt. Solomon leaves the service.

The young couple left this afternoon for a short visit with the groom's sister at Dixon.

G. A. R. CIRCLE SUPER—Ladies of the G. A. R. Dixon Circle No. 73, will have a scramble supper at G. A. R. hall on Thursday evening, Oct. 16, at 6:30 o'clock. To this all comrades of the G. A. R. Post, their families and all members of the circle and their families are invited. The ladies are to bring their own silver, dishes, sandwiches and one other article of food sufficiently generous to serve ten people.

WITH MRS. PITCHER—The following guests have been entertained at the home of Mrs. Abbie Pitcher this week: B. G. Stewart and Miss Mable Stitzel, of Nelson; Miss Mary Larkin, of Polo, and Miss Eleanor Pitcher, of Paw Paw. The latter will remain, spending the week with her grandmother.

WEEK-END PARTY—Mr. and Mrs. Louis Drummond, of Chicago, who are here visiting friends, were guests of honor at a week-end house party held in the Lehman cottages at White Rock this past week-end. Those participating in the affair numbered about thirty.

IN CHICAGO—Miss Tilly Rice is spending the week in Chicago with her sister, Mrs. Claude Murphy.

AN INDUSTRIAL ARMISTICE.

By all means let us have industrial
truce if that is within the means of
human beings to bring about.

Going on strike can become just as
much a habit of industry. Issuing or-
ders for lockouts can develop into a
vice the same as domestic quarreling.
Had the sense of reasonableness been
given its wonted chance not one in
ten of labor disputes of the last six
months would have occurred. The
trouble has been that each side has ap-
proached its issue with its fighting
clothes on. It has actually had more
desire to test the weapons of strike and
lockout, of picketing and strike break-
ing, of bombarding opponents with
fulminating adjectives than of reach-
ing a quick and amiable settlement. It
is a matter of record that some factory
forces have gone on strike without so
much as filing a claim or reciting a
grievance. They just felt like quitting,
and they quit. We have had the recent
example of a stubborn employer who
would not listen to appeals for adjust-
ment of a labor argument "upon prin-
ciple," but he declined to define what
that "principle" was. The industrial
world has fallen into evil habits, and
it will break itself and ruin the nation
unless it first breaks the habit.

An industrial truce will smooth
down a lot of tempers which stand up
like the spines of a porcupine. It will
compel the sober second thought. It
will indeed make men really think who
only think they are thinking now. It
will provide time for mediators, econ-
omists, labor leaders, captains of indus-
try and others, who desire the end of
this silly and costly warfare, to frame
the articles of permanent peace. By
all means arrange the truce.

General Mitchell, chief of Military
Aeronautics, says Chicago could be
bombed by airplanes launched from
warships twenty-five miles off the At-
lantic coast. Chicago better join the
League of Nations.

Nothing is to be gained by an indus-
trial conference if all the delegates
check their concessions outside.

Socialism seems to have bust itself
into Europe and doing its best to du-
plicate the feat here.

We buy reserve shoestrings, but
where in heck do we put them?

STRIKE ARBITRATION
BLOCKS CONFERENCE

(Continued from page one)

tal group, through its chairman Harry
A. Wheeler, Bernard M. Baruch, chair-
man of the public group, had proposed
that action on the steel resolution be
postponed until Thursday.

President Wilson will not sanction
adjournment of the national industrial
conference here until it has been ex-
hausted every possible means of find-
ing a solution of the present industrial
situation. White House officials said to-
day.

Despite his illness, the president was
understood to have been informed of
the tense situation in the conference re-
sulting from the controversy over la-
bor's proposal for arbitration of the
steel strike. He was said to feel that
this should not endanger the ultimate
success of the conference.

Arbitration Blocks Work

Arbitration of the steel strike ap-
peared today to be blocking the pathway of
the conference.

Resuming its sessions yesterday after
a three day recess the conference with-
in a few minutes after it was called to
order by Chairman Lane, ran head-on
into the arbitration issue and the rest
of the day was given over to discussion
of the steel strike. The same subject
was technically before the conference
when it resumed its meeting today.

There was no indication prior to the
assembling of the conference whether
Judge Gary, chairman of the United
States Steel corporation, would make a
reply to the address of nearly an hour
late yesterday by Samuel Gompers,
president of the American Federation of
Labor. Though mentioning no names
Mr. Gompers plainly addressed his re-
marks to the steel corporation chair-
man, declaring that that concern's of-
ficials had "acted like the bolsheviks."

Postpone Arbitration

Further efforts to reach an agree-
ment were made at group meetings of
the conference delegates this morning.
The specific schedule discussed was
postponement of consideration of steel
strike arbitration resolution until an
agreement could be reached on the fun-
damental issues of shop and industrial
councils as the means of arbitrating all
industrial disputes.

The movement for a postponement of
the steel strike issue was initiated by
members of the group representing the
public and it has the approval of Sec-
retary Lane, the conference chairman.

Gavin McNab, of San Francisco, a
public representative, was prepared to
again propose when the conference re-
convened that the steel strike resolu-
tion be referred back to the committee
of fifteen with instructions to begin
work at once on an arbitration plan
along the lines of the proposal made
last Thursday by Secretary Wilson.
This would provide for joint industrial
councils in the first instance with the
right of appeal to a general council and
eventually to an umpire to be appointed
by the president.

Wants Farmers Recognized.

A demand for greater recognition of
the services of the farmers was made
in a statement presented through the
employer group. Charles S. Barrett,
president of the Farmers Co-Operative
Union, said it was prepared by five con-
ferences, three in the employers group
and two in the public group.

Declaring that the "net return for
labor, management and capital used in
farming is today smaller than the re-
turn in any other great industry," and
that this discouragement has reduced
the output of agricultural staples, the
statement said the conclusions of the
conference could not be permanent un-

less they provide for the "welfare of
farmers."

"American farmers employ more la-
borers than any other single industry,"
said the statement. "The number of
operating farmers and their hired em-
ployees is greater than that of laborers
in all industries combined. Any ad-
justment of industrial wage disputes to
be fundamentally sound and perman-
ent must give full consideration to the
relation between wages on American
farms and in other industries. To pay
higher wages on the farm inevitably
means higher prices for farm pro-
ducts."

London, Oct. 15.—General Denikine's
anti-bolshevik army has captured the
important city of Orel, together with
thousands of prisoners and enormous
quantities of material, it was announ-
ced in advices received here today.

Two batteries of bolshevik artillery
fell into Gen. Denikine's hands.

While Orel is 235 miles south of Mos-
cow, possession of the city will give
Gen. Denikine a secure hold on vast
stretches of territory in old Russia, as
the place is one of the most important

BUSTER BROWN WAS HERE.

Buster Brown and his dog, Tige, who
spent yesterday in Dixon with head-
quarters at Ray Briscoe's shoe store,
had a great deal of interest among hun-

BIG POLE IS BEING
GROOMED BY CUTLER
FOR CHAMPIONSHIP

Floyd Domer, wrestler, dropped into
the Telegraph office this morning after
a long road workout and stated that he
is in great condition for his bout to-
morrow night with Kash Poloski, the
"Big Pole", Polish heavyweight cham-
pion, who is now in Chicago training
with and under the management of
Chas. (Kid) Cutler, to whom Frank
Gotch handed his belt when he retired.

Cutler says he thinks well of the
Pole's chances of becoming champion,
and that statement indicates that Pol-
oski is a "regular" wrestler and that
Domer will have to shake himself some.
The bout should be one of the best of
the season and doubtless many fans
will see it. Many are anxious to see
Domer work again after his return
from the west where he spent several
years. Many ladies have signified their
intention of witnessing the bout, and
there will be several good preliminaries.

Y. M. C. A. BOYS HAD
FINE HIKE WEDNES.

Twenty-five boys of the Y. M. C. A.
hiked to the Rocks, yesterday morning
and spent the day along the river and
in the woods. As the boys reached the
city limits and before entering the wild
and woolly forests of the west, they
were given signal instructions by
Physical Director Kuhn and it was well
indeed, for after reaching the lonely
prairies they were confronted by a ser-
ious problem. A big herd of cattle who
presumably mistook the boys for some-
thing good to eat, right faced and ap-
peared to be planning a charge. At
once the signal was given for a sudden
fading from sight or to drop and dig in.
The cows evidently thinking the boys
had gone, quietly went away and the
hike was continued. On reaching the
Rocks fires were soon started and the
cats began to disappear. One feature
of the day was an interesting baseball
game. The boys returned to Dixon
about 4 o'clock. Another hike is plan-
ned for Friday and all boys intending
to go should be at the Y at 9:30 a. m.
sharp.

BUSINESS OF CITIES ON LINCOLN ROAD IS BETTERED BY TOURIST

The Clinton (Iowa) Advertiser located on the Mississippi approximately midway between the two coasts on the Lincoln Highway estimated that close to 100,000 tourists have used the Lincoln Highway for long distance travel during the present season.

The Clinton paper bases its estimate on the fact that some 10,000 motorists passed thru Clinton during 1919 headed East or West on the Lincoln Highway. In pointing out what this travel has meant to the merchants and to the business communities along the Lincoln Highway generally the editor says: "Estimating that each of these 10,000 motorists travels 4,600 miles going and coming on their tour, they would travel in total 46,000,000 miles. Averaging ten miles to a gallon of gasoline, these cars would use 4,600,000 gallons. They will travel 200 miles to each gallon of lubricating oil, thus using 230,000 gallons of oil. They will perhaps wear out a set of tires for each 5,000 miles, therefore requiring 9,200 sets of tires.

"Putting these facts into figures they would spend the following along the Lincoln Way:

4,600,000 gallons of gas @ 25c	\$1,150,000
230,000 gallons of oil @ 60c	138,000
9,200 sets of tires @ \$125	1,150,000
Total	\$2,438,000

"The above estimate of expenditures does not include those in connection with hotel and restaurant patronage or clothing or supplies for the family."

WAR MOTHERS MET—

The Lee County Council of War Mothers held a very good meeting Tuesday afternoon in G. A. R. hall. Mrs. David Horton, the second vice president, took the president's chair as Mrs. Tryon Rosbrook, the president, has not as yet returned from the National Convention of War Mothers at Baltimore, Md. Mrs. John McIntyre took the second vice president's place and Mrs. Anna Moore that of the first vice president, and Mrs. Henry Hardesty served as treasurer in the place of Mrs. E. G. Brenner, who is also still in the East since attending the convention. Mrs. Bert Robinson served as chaplain. All substitute officers filled the places most acceptably.

With Mrs. Nettie Coakley, assistant pianist, at the piano, the Council sang, "America."

The Lord's Prayer was also repeated as part of the opening exercise. The usual routine business followed.

The thirty-four members present listened with interest to the reading of a letter from the Council's French orphan, the French of which was translated into English by Mrs. W. G. Kent.

Plans were made for an anniversary dinner to be served on the anniversary of the date of the signing of the armistice, November 11th.

Another song closed the meeting. Mrs. J. U. Weststead exhibited in the social aftermeeting a beautiful pillow top sent by her son, who recently enlisted in the navy, from California. The word "Mother" was embroidered on the satin top.

The Price of a Few Records Brings This Cheer To Your Home

YES, on this offer, you can see for yourself how The NEW EDISON will cheer the melancholy days. We'll send it to your home to play for a whole month. And all we ask you to do is to buy a few records to try it with. After enjoying the music of The New Edison for a whole month, start paying for it on such easy monthly terms that you won't even miss the money. Investigate this special offer at once.

Mr. Edison's
Favorite
Invention

The genius of Thomas A. Edison has given you electric light, the "movies" and a score of human benefits. But he himself says the New Edison is his favorite. For years he has toiled, night and day, taking little time for sleep, until he was ready to pronounce his phonograph "perfect." But when, at last, he did give the New Edison to the world, everyone said, "Real Music at Last!" True to life—just as if the living singer or player sang from the cabinet. Now, on our liberal offer, you need not be satisfied with anything less than Mr. Edison's genuine instrument.

The NEW EDISON

No Needles to Change
Even records of all other makes sound more human
when played on The New Edison

Mr. Edison's wonderful phonograph with the diamond reproducer is indeed the king of home entertainers. It puts the whole world of music at your command. It brings cheer to the home for every hour and every mood. There is no end of the variety from comic dialogues to sacred hymns, from vaudeville to Grand Opera, brass bands, waltzes, two-steps, organ, quartettes, concerts, etc.

Minstrel shows, quartettes, full choirs, cathedral music, foreign records, Chinese bands, t. mbourin, pieces, trombone concerts, piano, violin, flute, cello and the most wonderful dance music that you ever listened to.

No home need be without the New Edison now that we make this special offer by which you scarcely feel the expense.

Come In — Select Your Outfit NOW!

Bring your family, if you wish. Hear the New Edison. Find out more about our offer. Arrange to have an instrument in your home tomorrow on our liberal plan.

ROSE COMES CHAPTER XCIV

Everett came in with news written all over his face.

"What is it?" I asked the moment I saw him.

"They have caught the fellow who robbed us that night I was away."

"Then I'll get my sapphires and other things back?"

"I'm not so sure you will. But just before I left the office the insurance company telephoned they had caught him. The only disagreeable thing about it is that you will have to appear in court."

"I shall be frightened to death."

"There's no need to feel that way, and I don't imagine you will have to more than just to identify him. You remember how he looked?"

"I never could forget. I was so frightened that his features were fairly printed on my mind." I shuddered when I recalled his white face and staring eyes as he crouched back of the curtains.

"James and Mrs. Gray will probably be called also."

"I shall be glad to have Mrs. Gray with me."

"You didn't imagine I would allow you to go without her?"

When Everett used that tone—the one when he said "allow you"—I always resented it.

"It took the insurance company a long time to find him," I remarked.

Yes—but they got him. Had I not been insured against theft, we not only

would not have recovered either the things or their cost, but a criminal would have gone unpunished."

"I hate to think of that—his punishment. He was rather young. Will they send him to jail for a long time?"

"Probably—he may be an old hand at it. I rather imagine he is."

I did have to go to court, but only to identify the man whom I would have known anywhere. He stared at me with his hard wicked eyes while I said he was the man hidden back of the curtains. If looks could kill, I would have died right there. James also identified him as the man who shot him.

Everett was right. He was an old offender, and so received a long sentence. I felt sort of guilty when Everett told me, as if I were to blame. It did seem dreadful to be in any way responsible for locking even such a thief away from everyone.

We didn't get the sapphires. But Everett took the insurance money and bought me some others. I would rather have had emeralds or rubies; but when I said so, he declared the only jewels suitable for—my coloring were pearls and sapphires. I thought of Leola—that he always bought her the same stones—and it took all pleasure from his gift.

Rose came the day after I had been to court. I had made out a list of things to do to entertain her, and she was delighted when I read it over to her. Of course I had included Barrett Edmunds in my plans, so adding immensely to her pleasure.

Everett had suggested a dinner for

her, also that I give one or two afternoon affairs for her.

"It will help you pay up your obligations at the same time you are entertaining your guests," he had said.

Had I known Rose was going to be so treacherous, I never would have invited her. What a disappointment to introduce her to a man who was to be so wicked!

I guess I was a little bit disappointed with Barrett Edmunds that night. Waiter would not excite her interest.

We met him the day after she came. We were shopping and ran into him in front of the store. I presented him to Rose, and right then and there the little girl fell madly in love with him.

"You must have him too," she said speaking of the dinner I was to give for her.

"I can't invite him, Rose, Everett doesn't like him to come to the house. He hasn't a very good reputation—nothing dreadful, just makes love to everyone he meets."

"I only hope he will make love to me! He is charming!"

Tomorrow—Complications.

BIG AMERICAN LOAN.

By Associated Press Leased Wire
Brisbane, Australia, Oct. 17.—References to reported negotiation of a loan of 2,000,000 pounds in America for the state of Queensland were made in the legislative assembly here Friday but the state treasurer subsequently refused either to confirm or deny the rumor.

WHAT OXYGEN DOES

Without it—there could be no living body—since without oxygen there cannot be any life.

Oxygen acts on the blood, and by constantly clearing and revitalizing it, converts the blood into a vigilant guard against the insidious attacks of disease. It assists every natural force in the body. It makes it possible for the blood to build up—what the stress of daily activity, overwork, overexertion, and over-taxing of the body—tears down. Waste products are cast out—new cells grow—the hollow cheeks fill out and take on the ruddy glow of health. The spring comes back to the step, the whole body tingles with health and vitality, while the brain is cleared to meet the battle with the problems of life.

If the supply of oxygen is not sufficient—the engine runs down—vital force wanes—the fire goes out—and the whole machinery of the body stops. But when the blood is vitalized with oxygen—the complicated structure of the cells of the body liberated—that drives the human engine.

REGO, the wonderful discovery of Dr. A. L. Reusing, makes rich blood vit-

NO TYPESETTING IN NEW PROCESS

By Associated Press Leased Wire

New York, Oct. 14.—Elimination of typesetting, one of the costliest operations of magazine production, by the use of plates made by photographing the original typewritten copy has been accomplished in the October 15th issue of the Literary Digest, consisting of 80 pages. This radical innovation which was brought about by the printers' strike in this city, leads the publishers to suggest that "it is possible in this age of marvels that the whole future of magazine production may be revolutionized by the elimination of typesetting."

The makeup of the magazine is in no way changed, the only difference being that the style of the type is that used on typewriters and is uniform in the reading matter throughout the number. The tight hand side of each column is irregular as in ordinary typewritten copy. Each page is in effect a photographic copy of the original article as written on the type writer.

OBITUARY.

ROBERT WILLIAM OTTO.

(Contributed.)

Robert William Otto was born February 21, 1914, in Palmyra, Lee county, Ill., and was called away October 14, 1919, being five years, seven months and 23 days of age at the time of his demise. He was the son of William and Millie Otto, who with one brother, Frank R. Otto, compose the grief-stricken family. One brother, William Milton Otto, preceded him to the better land in infancy.

Together with the grandparents, Mr. and Mrs. D. M. Rossiter, Mr. and Mrs. Adam Otto with their families and a host of neighbors and friends, remain to mourn the passing of this bright-eyed sunny faced little one.

"Come in, 'tis late, a mother calls, And two little boys must leave their play."

Since home is the best for children, When they reach the end of the day, The lamp alight, the table spread, The little things must be done, The hearty glow, on each curly head, How dear they are at the set of sun. Come in, 'tis late, a call like this, Oh mother mild, Shall summon us to leave our tasks.

FOR THE LIVING BODY

alized with oxygen, iron and the cell salts that the blood requires to maintain health and vigor. It stimulates the appetite, aids digestion, tones up the heart and nervous system, rapidly increases the red blood cells and sends through the entire body a stream of vitalized health-restoring blood, that nourishes every cell of the tissues, blood nerves, brain and bones.

Healthy blood makes the whole body healthy. The cheeks glow, the eyes sparkle the step becomes light and elastic and the whole body thrills with the vigor and vitality of perfect health.

If you are not feeling well—try REGO. It is not expensive. Each package contains 100 pleasant, tasteless tablets, enough for two weeks' treatment, and it only costs one dollar.

REGO is sold under the Positive Guarantee that if it does not give absolute satisfaction, your money will be returned.

REGO is sold in Dixon by Sterling & Sterling, Licensed Distributor for the Dr. A. L. Reusing Laboratories, Akron, Ohio.

R. I. LOST TO HAMMOND.
By Associated Press Leased Wire
Rock Island, Ill., Oct. 13.—Rock Island Independents lost their first game of the year to Hammond's famous \$20,000 aggregation of stars by a score of 12 to 7 yesterday. The Islanders outplayed the visitors in the first half and led 7 to 6. In the final stage of the game, Hammond recovered and made the winning touch-down by exhibiting greater football strategy.

Ghee, Des Jardiens, Barrett and King played the strongest game for the winners. Chicken for Rock Island scored the only touch-down, his plunging through the visitor's line was the feature.

Corn Market Shows Advance This Morn

By Associated Press Leased Wire
Chicago, Oct. 15.—Unsettled weather and a prospect of more tending today to make the corn market advance. Bulls were favored also by word that the longshoremen's strike had been called off, and by higher quotations on hogs. Orders to purchase, however, were not numerous. Opening prices, which ranged from the same as yesterday's finish to 1/4 cent higher, with December 1 1/4 to 1 1/2, and May 1 1/4 to 1 1/2, were followed by moderate gains all around, and then something of a reaction.

Oats hardened with corn. After opening unchanged to 1/4 cent higher, including Dec. at 70 1/4 to 70 1/2, the market scored a slight further upturn.

Strength of hogs and cereals helped provisions up grade. Most of the business was in lard.

Subsequently, talk of a revival of export demand for oats led to a fresh advance in corn. The close, nevertheless, was unsettled, 1/4 to 1/2 cent higher, with December 1 1/4 to 1 1/2 and May 1 1/4 to 1 1/2.

Senate to Ballot on Shantung Today

By Associated Press Leased Wire
Washington, Oct. 15.—A vote by the senate late today on the Shantung amendments to the peace treaty was planned by republican leaders with acquiescence, it was said, by the democrats.

Republican spokesmen said inquiries were made of Senator Johnson, of California, who returned here today, Senator La Follette, of Wisconsin and other republicans regarding speeches on the Shantung amendments, and that they have agreed to curtail their remarks.

Chairman Lodge, of the foreign relations committee, author of the Shantung amendments, also was said to have agreed to a vote today.

LOCAL MARKETS LOWER

Old H. C. L. shipped a little in the Dixon markets this morning when quotations on grain and dairy butter fell off. Corn fell off 3 to 5 cents and oats were quoted one cent lower. Dairy butter is quoted three cents lower than yesterday. There was no change in the poultry market.

EX-NAVY OFFICER DEAD

By Associated Press Leased Wire
Cheyenne, Wyo., Oct. 15.—Rear Admiral Richardson Clover, U. S. N., retired, 73 years old, died on a train west of Cheyenne early today. He was on his way to his home in Washington, D. C., from California.

John C. Smith, of Polo, was in Dixon Monday.

POTATOES

Seven cars now on track. Quite a lot of Potatoes, isn't it? But it takes a lot for our trade because of the low price, and good quality we sell. We have fine stock \$1.65 at store, where our sales force is. There are a lot of people who do not understand, but we can sell much cheaper at store than off the car.

Note.—When we advertise a car on track we advertise a car of our own, not a car of some jobber or wholesaler—like some of the merchants here do.

MORAL: Fish where there is fish. Now is the time to buy your winter Potatoes. No chance of frozen stock now.
